Hi Karl,

Below is the draft for your review:

The Honorable Claire McCaskill
United States Senate
Washington, DC 20510

Dear Senator McCaskill:

I wanted to follow up with you after the West Lake Landfill Superfund Site public meeting that took place on June 25, 2013, at Pattonville High School in

Maryland Heights. We believe the meeting met the expectations that you outlined in your letter to me and during our in-person conversation in Washington. The meeting gave the concerned community and other interested parties access to relevant information and experts, with an opportunity to ask questions during the Q&A.

The meeting was held for 2.5 hours and about 650 people attended. Two-thirds of the time was Q&A. More than 100 people attended the availability session, which gave the public an opportunity to meet with state and federal partners including the Missouri Department of Natural Resources, Missouri Department of Health and Senior Services and the Missouri Attorney General's office, the Agency for Toxic Substances and Disease Registry, U.S. Geological Survey and the EPA.

During the next several weeks the EPA will add to our West Lake Landfill web page, answers to questions submitted at the public meeting that we did not have time to answer. We will continue to keep you and your staff informed of updates regarding the West Lake Landfill Superfund Site.

If we can be of any further assistance, please feel free to contact me at 913-551-7006, or your staff may call LaTonya Sanders, Congressional Liaison, at 913-551-7555.

Sincerely,

Karl Brooks
